KEY MESSAGE

Let's Begin Here

We One Action Network (WOAN) is a private and member based non-operating foundation based in Stanley, North Carolina (USA). We are committed to creating opportunities for bright minds and creative souls in Kenya, where a vast majority of youth lack the basic opportunity to strengthen their ability. WOAN supported initiatives and projects are designed to encourage the highest standards of creativity and long-term self reliance. Since our conception in 2017, we have positioned ourselves as part of the solution by listening and engaging with local leaders that understand what those gaps are and why. This slow approach enable better collaborations with exploring effective ways to close those gaps. In return, WOAN is able to stand on the frontline in our quest to assist disadvantaged students and educators.

What We Do

We One Action Network (WOAN) is committed to partnering with vetted and registered Non-Governmental or Community Based organizations. WOAN's primary focus is with educational learning (i.e., life-skills, classroom) and other key essentials like mentorship, youth development & leadership, food & nutrition, sanitary pads, school supplies and school uniforms. We seek to fund and support efforts that undertake new levels of achievement. Our operating principle is simple; WOAN strives to reach new heights through creativity and productive collaborations to guide our decisions.

PROGRAM AND PURPOSE

What We Stand For

We One Action Network (WOAN) does not discriminate based on race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, tribe, marital status or sexual orientation, in any of its activities or operations. These activities include, but not limited to; hiring/firing of staff, selection of volunteers or selection of projects, initiatives, schools or provision of services.

WOAN is an equal opportunity provider, and we take measures to ensure against discrimination. We have a zero-tolerance policy against any form or kind of harassment. All or any incident will be reported to the local magistrate office at the county or state level in Kenya, United States of America or beyond. We are committed to providing a diverse, inclusive and welcoming environment for all members of our team, students, clients, interns, educators, volunteers and vendors.

What Is Out of Our Reach

WOAN does not engage or have a voice in governmental issues, marches, legislative policies, political arenas, political affiliations, protests, environmental policies (i.e., climate change), cultural or tribal differences, radical movements, marches, or human inequalities (racism, bigotry, etc) that are identified or governed under International, American or Kenyan constitutions or by-laws.

SEED SCHOOL KIBERA

Summary

We want to change Africa through Education. Since 2007, the SEED School has provided an education to more than 70 students annually in Kibera slums, Nairobi. We believe Education is the way to transform lives, that's why We are seeking to build a school library to support the children's holistic learning. Lack of the most basic and relevant academic books has led to lower performance by many children at the SEED School.

Challenge

Lack of learning materials is prevalent at schools in Kibera slums, Nairobi, where most schools are privately run due to lack of government funding for public schools. While the SEED School feeds and educates over 70 children daily, lack of school supplies and books prevent students from adequately progressing their learning.

Solution

Construction of the Seed School in Kibera and community resource Centre will be a major benefit in terms of meeting Seed Foundation's operations and tremendously increase the impact in Kibera slum. This is also going to expand our capacity and increase the school enrolment and participation of the less fortunate community members within Kibera and other marginalized areas in Kenya. This will be a central point of operation to enable Seed Foundation realize its overall Mission.
