# KEY MESSAGE

## Let's Begin Here

We One Action Network (WOAN) is a private and member based non-operating foundation based in Stanley, North Carolina (USA). We are committed to creating opportunities for bright minds and creative souls in Kenya, where a vast majority of youth lack the basic opportunity to strengthen their ability. WOAN supported initiatives and projects are designed to encourage the highest standards of creativity and long-term self reliance. Since our conception in 2017, we have positioned ourselves as part of the solution by listening and engaging with local leaders that understand what those gaps are and why. This slow approach enable better collaborations with exploring effective ways to close those gaps. In return, WOAN is able to stand on the frontline in our quest to assist disadvantaged students and educators.

## What We Do

We One Action Network (WOAN) is committed to partnering with vetted and registered Non-Governmental or Community Based organizations. WOAN's primary focus is with educational learning (i.e., life-skills, classroom) and other key essentials like mentorship, youth development & leadership, food & nutrition, sanitary pads, school supplies and school uniforms. We seek to fund and support efforts that undertake new levels of achievement. Our operating principle is simple; WOAN strives to reach new heights through creativity and productive collaborations to guide our decisions.

# PROGRAM AND PURPOSE

## What We Stand For

We One Action Network (WOAN) does not discriminate based on race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, tribe, marital status or sexual orientation, in any of its activities or operations. These activities include, but not limited to; hiring/firing of staff, selection of volunteers or selection of projects, initiatives, schools or provision of services.

WOAN is an equal opportunity provider, and we take measures to ensure against discrimination. We have a zero-tolerance policy against any form or kind of harassment. All or any incident will be reported to the local magistrate office at the county or state level in Kenya, United States of America or beyond. We are committed to providing a diverse, inclusive and welcoming environment for all members of our team, students, clients, interns, educators, volunteers and vendors.

## What Is Out of Our Reach

WOAN does not engage or have a voice in governmental issues, marches, legislative policies, political arenas, political affiliations, protests, environmental policies (i.e., climate change), cultural or tribal differences, radical movements, marches, or human inequalities (racism, bigotry, etc) that are identified or governed under International, American or Kenyan constitutions or by-laws.

# GLOBAL PANDEMIC

Our world continued to maneuver to find ways to steer the course with battling and managing the adverse impacts of the corona virus. We One Action Network (WOAN) have followed in the quest to assist Kenyans living within the informal settlement of Kibera and beyond. Industrialized countries such as USA, China and many European countries have faced dire economic challenges and citizens accepting wearing a mask, practicing social distance and proper hand-washing. Kenya as well as other African nations have faced similar conditions but unfortunately at an alarming rate.

This ranges from massive food shortages, loss of menial jobs that earn \$1-2 per day, enforced curfew hours and travel restrictions that did not permit movement in or out of select counties. The greatest impact has been with school closings where there is no internet structure nor access to other support items such as sanitary pads, daily meals or emotional care.

Thanks to WOAN donors, we have positioned ourselves as part of the solution by working directly with local leaders within proven organizations to ensure every dollar spent goes directly to the most vulnerable. This newsletter will illustrate a small glimpse of a bigger picture but also showcase amazing people who are running towards helping and not running away!

Please know that your contributions are very much appreciated and are never, ever taken for granted. I want to extend the sincerest **Thank You** and the highest gratitude of appreciation for your contributions.

## OUR RESPONSE

Shine Kibera Education Center (SKEC) has been transforming students from journalist into young leaders. Since the corona virus outbreak, many students have struggled to maintain the consistency of their reports. WOAN joined SKECs quest to help his students as well as other families within Kibera. We have distributed food items and contributed 200 masks through SKEC to families as not wearing masks in public is prohibited by Kenyan law.

Earlier 2020, WOAN and TEAMEnvironment Kenya (TEK) entered into a sponsorship agreement through the end of this September. Through TEK programs and collaborative efforts with schools, local agencies and other leaders, TEK has filled a void with our most vulnerable girls not having sanitary pads. Our goal is to distribute ten-thousand sanitary pads in 2020 at various locations ranging from informal settlement communities such as Kibera, street families in the inner city and in the village areas of Kenya.

After several conversations with Asha Jaffer, a partnership was agreed upon. Through this partnership, WOAN provided financial support to Kibra Food Drive (KFD) to purchase food items such as maize flour, cooking oil, beans and rice for distribution to Kiberans as vetted by Asha and her team. This approach fits best because it will ensure food items for the Christmas season as students and educators prepare to go back to school in January 2021 for the first time in ten months.
